

FIXED PRICE ENERGY PLAN

What it is

Fixed Price is an energy plan that provides customers with a pre-determined price per kilowatt-hour of electricity — one that remains constant throughout the entire term of the contract. For you, that means, simplified budgeting and price stability in an era of uncertainty in the energy marketplace.

Benefits at a glance

PRICE STABILITY

With index market prices spiking to historic levels, it might be time to reduce risk and ensure price stability. With a Fixed Price plan, your business gains budget certainty in an era of market volatility.

PLAN FLEXIBILITY

We'll sit down with you and craft a solution based on your energy usage, industry location, and what you're looking to achieve. Choose a plan with terms as short as three months or as long as 10 years.

DEDICATED SUPPORT

You'll also benefit from an assigned account representative and 24/7 support. Not just upfront but in the months, days, and years after your Fixed Price contract begins. As the market evolves, we'll be there with advice and an experienced perspective.

OPTIMIZED SOLUTION

Our advanced cost-savings solutions help you reach your goals seamlessly and combine energy efficiency with cost-effectiveness. Spend more time on your business and less on your electricity.

A GREAT FIT FOR BUSINESSES IN THESE INDUSTRIES:

Manufacturing

Government

Real Estate/Commercial

Services

Municipalities & Cities

Retail

Customize your energy plan today.

The right plan for today's energy market

There is no doubt that the energy market can be volatile. If you're currently in a market-driven energy plan, you may not be able to manage and mitigate the risk as much as you used to. After many years of steadily decreasing index power prices, the ERCOT market reality has shifted. That's where our Fixed Price energy plan comes in.

FIXED PRICE

Your price is locked in and remains stable amidst ups and downs in the energy market.

ONLINE ACCOUNT MANAGEMENT

This tool comes with every energy plan we offer. It provides you with an intuitive online portal to easily manage your electricity.

Convenient

- Pay bills on the spot
- Download invoices
- Manage access by account user
